

Crossing the River

You have a dinosaur, a pack of fruit snacks, and a goat.

You must cross the Chippewa River, but you can bring only one at a time.

If you leave the dinosaur with the goat, the dinosaur will eat the goat.

If you leave the goat with the fruit snacks, the goat will eat the fruit snacks.

How do you get all three across the river safely?

Think you've got it?
Check out the video solution!
