

Aus Horro May 15th 1878

My Dear Anna

I am very glad you thought you would write Old Grandpa and I hope you will think so often. You say your Grandma has enjoyed herself so far. Now don't you let her forget that there is some one in the east that is very thankful that she is enjoying her visit so well. You must be very careful and not let her get cold or tire herself out working in your posy garden for she does not know when to stop when she gets among the flowers. If your Pa has not a large garden he must watch her or he will not have room for one.

hill of potatoes, Do not think
I am joking for it is the truth
I am well and so are all the
Friends here, Tell your Pa not
to make any rash promises
about your Grandma staying
there, until I come after her,
I would like to visit you and
all of my Friends at the west
but I am not at all certain
that I can do so, I think you
will have to be satisfied with
your Grandmas visit this
time, Give my love to your
Pa & Ma and all of the babies
tell them I think of them
often, I must close for it is
after ten o'clock Good Bye
and May the blessing of God
be with you all -

From loving Grandpa,
B. C. Pierce
