My dear little Naisy

I was so glad to get your nice little letter - & to see how well you can write. I was not only glad but surprised you will very soon get so you write a nice hand you must study hard & learn as fast as you can. & you will soon be able to help take care of yourselves & then you can pay Papa, & Mama for all they have done for you. They have to work hard for you, to care for so many of you. I would be very glad to have one of you to go to school & be company for me we have a splendid school here - if you were nearer I would beg for one of you. Barty was here yesterday with his Papa he said he thought he would write to some of you soon - he cannot write very well yet - he has never been to school but a little I wish you could see Myrtle she is only two last year but is smart she talks & sings & is full of fun just

you be good & help Mama and remember
never to make the little everyday bits of
right for a plaything - the house
would be very lonely without her we are having
very cold weather tho bright & pleasant &
pretty good sleighing & everyone that can
is taking advantage of it & those that wood
or logs to draw are rushing as fast as
possible give my love to all & keep a big
big share yourself My blue eyed Daisy

I suppose - only think of it she has four
guys to help her - & I none - only my hired
girl - she has been with me nearly two

girl to wait upon me because she loved
me - & be company for me & read to me &
