

Mr Editor

Who is this Old or Young Miss Palmer pray
That raised her Petticoat the other day.

Has Looofaco, lost the sense of shame
Or with their Ladies Virtue lost her name?
Or did she thus exhibiting her charms
Expect to entice the Whiggies to her arms?
Or at the nod of "New York's favourite Son"
Furnish the fame of General Harrison

(As well might Molly with her Apron Try
To blot those Orbits out in Gaudensky)

What did she mean then Sir I pray Explain.
Whig Ladies think the Girl must be Insane
Or of that class of Looofaco Fools
The party Manufacturers into Fools

as with her Petticoat to blot the name
of that ~~of~~ here from the book of ~~you~~

No more pray the name
