**PCS:**

- As opportunities arise, consider programming to engage the public in the contemplation and discussion of the importance of community, civility and compassion in their daily lives. By bringing adult audiences together for programs and events that include reading, viewing, reflection, discussion and civic engagement initiatives, the library will enhance the quality of life and learning in the community.
- Continue to provide information on all programs held at the library for the public, whether the library sponsors or not. By doing this, the library will be able to show engagement with other organizations that use library facilities to advance their programs to the public.
