

DABBLE DAY

A CHIPPEWA VALLEY MAKER FEST

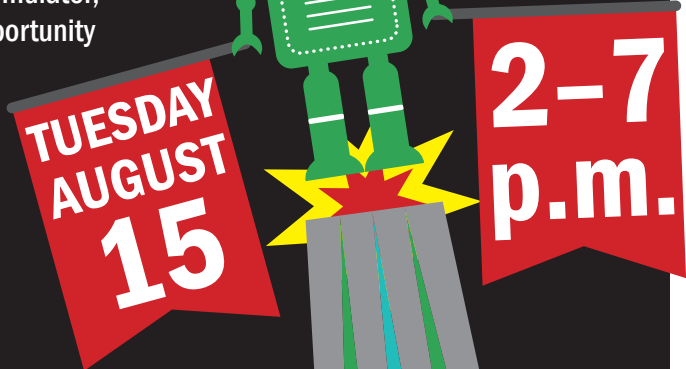

L.E. Phillips Memorial Public Library • 400 Eau Claire Street, Eau Claire

Featuring a **HANDS-ON** tour of the CVTC
Mobile Manufacturing Lab

What is it?

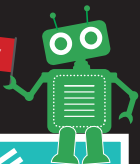

The Chippewa Valley Technical College Mobile Manufacturing Lab is a semi-trailer equipped with a FANUC robot, Haas vertical mill, Realityworks welding simulator, laser engraver, and industrial 3D printer. This is a rare opportunity to see and use professional-grade tools.

Maker Party on Eau Claire Street

It's a party in the library and outside, too!
Eau Claire Street will be restricted to foot traffic to safely celebrate all things "maker."
