Project Card
Craft Paper Kite

What you’ll need . . .

» 1 piece paper
» Ruler
» Pencil
» Scissors

» Yarn or string
» Stapler
» Hole punch

1  Fold paper in half, short edges together.

2  Along the folded side of the paper, measure and mark Point A at 2½ inches, and Point B at 3½ inches.

3  Fold up the two nearest corners of the paper to Point A and staple.
4 Punch hole at Point B.

5 Tie a long piece of string or yarn through the hole.

6 Unfold the open end of the kite a little. Fly on a windy day, or run fast!
