

How to Download the Libby by OverDrive app and Create a Libby Account

These directions were made for Apple devices, but the process is similar for Android devices.

1. From the App Store, enter a search for **Libby, by OverDrive**.
2. Select the app by tapping **GET**.
3. Tap again on the green **Install App** icon.
4. Enter your Apple ID and password and then tap **OK**.
5. The Libby app screen will appear as it installs. Installation may take a couple of minutes.
6. Once the app is finished installing, tap on the icon to open it.
7. Tap on the light blue circle that says “Hi!” toward the bottom of the screen.
8. From the Yellow Rectangle, tap **Find My Library**.
9. A new screen will appear asking you “Is this your local library?”
 - If it says Wisconsin Public Library Consortium, tap **Yes**
 - If it says something else, tap **No** and either:
 - Tap **Yes, Use My Location**
 - **No, I’ll Search For A Library** (Enter city, zip code, or library name, then select Wisconsin Public Library Consortium)
10. In the center of the new screen, select the add it now link. On the new sign-in page, select **Indianhead Federated Library System** from the drop-down menu in the center of the screen. Then enter your library card number in the next box and click the orange sign-in button.
11. Your **Libby, by OverDrive** account is now created, and you are ready to start using the app to search for and download items. For more information see our tutorial entitled *How to Use the Libby, by OverDrive iPad App*.
