» Fabric scraps
» Ribbon scraps

1. Prepare the rotary cutter, ruler and safety grip.

2. Cut two pieces of fabric into 2½ by 7 inch pieces. You can use the same fabric or two coordinating fabrics.

3. Place the pieces together (right side out) and make a top-stitch (¼ inch) around the edges. Make sure to leave the TOP open so you can insert a ribbon.
Now, use a pair of pinking shears to trim around all 4 edges.

Insert a piece of ribbon (or two of different widths and lengths) into the top of the bookmark.

Sew along the top to secure the ribbon.

Then just make a V cut at the top of the ribbon and you are finished.
