Dabble Day
Thursday, August 22 | 3-7 p.m.

Dabble Day returns, and it’s gaining STEAM! In education circles, that stands for science, technology, engineering, arts, and mathematics. At the library, it also stands for hands-on learning, maker demonstrations, live performances, and food truck treats. Chippewa Valley Technical College’s Mobile Manufacturing Lab will be back by popular demand. Bring the whole family!

LIBRARY HOURS:
Monday–Thursday: 10 a.m.–9 p.m.
Friday: 10 a.m.–6 p.m.
Saturday: 10 a.m.–5 p.m.
Sunday: CLOSED

PHONE NUMBERS:
Information & Reference: 715-839-5004
Circulation & Renewals: 715-839-5003
Youth Services: 715-839-5007

NEW SERVICE POINTS ADDED
Library customers will have access to additional service points in the library as Information & Reference Services relocates to the second floor, and a Customer Services center opens in the vacated Information & Reference desk.

Having a public desk located on the second floor will provide staff assistance to customers looking for items or in need of other help.

The library has also installed three new self-checkout machines, including one on the second floor, for a total of six self-checkout stations.

Adult Summer Reading Program

JUNE 10–AUGUST 28
Figuratively Speaking, Summer Group Show
Artists Reception: Thursday, June 13 • 7–8 p.m.

When discussing art, the phrase "figuratively speaking" may bring to mind artwork that depicts the human figure. For this show, selected artists were invited to use their imaginations and create a work of art, either two-dimensional or three-dimensional, of any media, that relates to their own concept of "figuratively speaking." Stop by to see how this exhibit unfolds.

SEPTEMBER 8–NOVEMBER 4
Reflection & Contemplation, Exhibit by Mitchell Spencer
Artist Reception: Thursday, September 12 • 7–8 p.m.

Mitchell Spencer's show, "Reflection & Contemplation" is being assembled as he reviews and reflects on photographs from the past decade. He plans to feature both color, and black and white photographs in the exhibit. Also included in the exhibit will be a video, which was influenced by an event from the last decade.

Presently, his work is evolving from the "naturalistic and realistic" image to a more creative vision of the image using digital software for both photography and video.
