

MAKERS IN RESIDENCE*

Beau and Erin Janke | June 3 to 24, 2024

WOODBLOCK PRINTING WORKSHOPS

Tuesday, June 11 from 10 a.m. to Noon | Tuesday, June 18 from 6 to 8 p.m.
Saturday, June 22 from 10 a.m. to Noon

Join Erin and Beau to learn about the oldest printing technique — relief block printing. Learn the process while creating your own print. The prints made by each participant will be assembled with others to create a collaborative piece of community art.

Come to one workshop to get a taste of relief printing, or join us at two or three to continue refining your skills and learn additional tips and techniques. Walk away with your own linocut or Styrofoam (for our younger artists) “stamp” that you can print over and over again. Be sure to stop back to see your print featured at the library!

All ages and skill levels are welcome. Registration requested.

BEAU AND ERIN JANKE come to us with extensive knowledge and post-secondary training in the age-old art of woodblock printmaking. BIBS Printing was born out of the 2020 stay at home order when they found time to explore things they had been meaning to circle back to after college. They started carving new blocks and invested in a printing press. Fast forward a few years, and they have textiles featured at Tangled Up in Hue as well as an online store (bibsprinting.com). They also enjoy doing live printing demonstrations at local events, including Blue Ox Music Festival.
